RCA Launches Three New Clock Radios in RCA Qi Lineup

LAS VEGAS, NV– JANUARY 6, 2020 – LVCC – CENTRAL HALL BOOTH 13506 – VOXX Accessories Corporation (VAC), a wholly-owned subsidiary of VOXX International Corporation (NASDAQ: VOXX), announced today that its RCA brand will be launching three new clock radios in the RCA Qi lineup.

The first **RCA Qi Charging Clock (RCQ500BKA)** with wood texture features 5-watt Qi wireless charging, an elegant dark-textured finish with rounded edges, and has alternate time and display options. The radio also has a temperature display (C/F), three alarm programs, plus a weekday-only alarm. There is a built-in backup battery included but it can also run on three AAA batteries. There is a sound-activated display option for the all dark bedroom enthusiast and red LED digits for best viewing at night.

Next in the lineup is the **RCA Qi Clock with Nightlight (RCQ510BKA)** which features four optional colors (black, white, blue, and pink) and has an adjustable LED light with three brightness levels. The time and alarm are clearly displayed in your color of choice and this radio also features a USB charging port.

Wrapping up the RCA Qi lineup is the **RCA Qi Clock with Down Firing and Color Changing Nightlight (RCQ520BKA).** This unique alarm clock also features four color options with a soft touch finish. The LED light can be toggled between eight colors and a convenient USB charging port perfect for home or travel.

"We are thrilled to introduce this new line of Qi Alarm Clocks that all have specific features to fit everyone's unique needs and tastes. The one key pain point we wanted to address with consumers is not requiring a charging cable at the bedside. Qi charging integrated in the clock allows a person a restful night of sleep while knowing that their device will be fully charged in the morning. Adding key features such as a weekday-only alarm, beautiful exterior cases and cool color-changing night lighting are just the icing on the cake," stated Ian Geise, President of VOXX Accessories.

The RCQ500BKA, RCQ510BKA and the RCQ520BKA retail for $27.99, $29.99 and $34.99, respectively, and are projected to be available on Amazon in the fall of 2020.
